

Autumn

All of the leaves fall down.

Under the leaves the hedgehog is asleep.

The days are shorter.

Under the trees there are leaves.

Many animals get ready to hibernate because it is

Nearly winter time.

By Aaron Touhy.

Trees

The sun is shining.

Rachael is sitting under a tree,

Eating an ice-cream.

Enormous leaves.

Shelter from the sun.

By Ben Ward

Friends

Friends play. You can

Run with friends.

I like friends.

Every friend is friendly.

Never hurt friends.

Danny is a good friend.

Sunny days to play outside.

By Kyle Dillon

Porsche

Put your seatbelts on.

On your marks,

Ready to go.

Sitting comfortably?

Can you win the race?

How fast can you go?

Engine roaring and away we go!

By Louis Dollard.

Butterflies

Butterflies can come in different sizes and colours.

Unlikely to bite.

There are tons of butterflies in the world.

The caterpillars turn into butterflies.

Each one is different and beautiful.

Really pretty insects.

Fly around the garden.

Lay eggs on trees.

Yellow flowers for butterflies.

By Mija Toleikyte

Summer

Sunny days.

Unbearable heat.

Mother gives me ice-cream,

Maybe it will melt.

Exciting times,

Riding bikes.

By Shaina Donnellan
